Subject: MEANING AND SIGNIFICANCE OF PROPOSED NAME "NEXOVAT"

Dear Sir/Madam,

I, **Salahuddin Qureshi**, am applying for the reservation of the name "**NEXOVAT (PRIVATE) LIMITED**" for my proposed company.

Meaning and Derivation: The word "**NEXOVAT**" is a unique, coined term derived from the combination of "**Next**" and "**Innovation**". The final 'e' has been deliberately omitted to create a distinctive, modern brand identity suitable for the digital technology sector.

Significance to Business Objects: The name directly reflects our company's principal line of business. We intend to provide next-generation software development, IT solutions, and strategic management consulting. The name symbolizes our commitment to delivering forward-thinking and innovative solutions to national and international clients.

Declaration: I hereby declare that this is a coined word and does not infringe upon any existing trademarks or restricted terms to the best of my knowledge.

Kind Regards,

Name: Salahuddin Qureshi
